The ONLY reason people stay by her side is because she heavily relies on manipulation tactics. I will not be bullied off this platform. None of the following text is a smear campaign. This is criticism. This is reality. I'm beyond done with this.

Apparently this is NOT Streamline's first rodeo at grossly misrepresenting an artist, and causing them to not be able to return to the internet without getting harassed en masse. It suggests Streamline has a history of not doing her due diligence outside of matters relating directly to me, affecting far more people. I recommend taking a look at this.

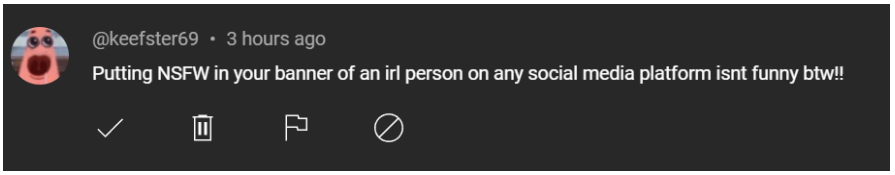
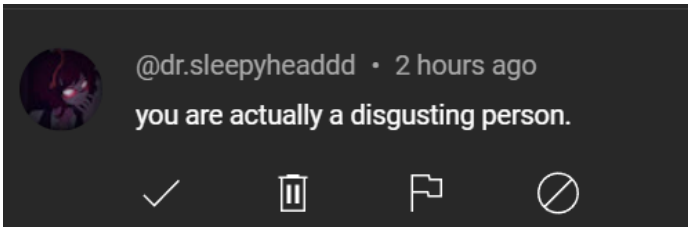
"Definitive video"...? We'll see. Excuse my grammar. **I'll polish this more. I'll add more screenshots too as I find them. I'll keep the doc updated. For now this is MY word against hers.** Do not harass anybody. This won't help me and gives other people only more ammunition.

(Note: **Streamline did not dox me.** I do not condone lies, and I do not know what gave this impression. Her smear campaigns have fuelled people. Vincent is guilty of indirectly contributing to a dox. Streamline as far as I know only supported his stalking endeavors but does not condone or endorse doxing herself.)

In the new video Streamline made, within 2 days after I posted a video that took me MONTHS, she again brought up a bunch of random stuff, without context, and without ever addressing her horrid behavior. Nothing I do or say is ever listened to. All evidence ignored. My videos in which I explain myself mass reported. But I do a dumb thing once because I give up and want to humor the situation, and it gets weaponized beyond reason.





Here's a few points I want to make that I didn't during the live-stream and video and thoughts that just came after the fact.

My comment filters are being flooded by people from Streamline's community. It's insanely clear they have not actually watched any of my things, they treat her word as gospel and only attack me in bad faith. Streamline's method of defense is quite literally bringing up "Happy did this" "Happy did that" to distract the audience from anything that is happening on her end. The comments under her video's are a literal echo chamber of people calling me insane, when one look at Stream's Twitter WOULD prove the opposite. I will not be entertaining these comments further and I have hidden people from the channel who are not willing to look at the complete image. There is just no point. I have allowed reasonable comments through, when people seemed to just give valid criticism, and seemed to actually want to understand the situation. Streamline herself is already spreading the narrative that I delete all hate comments, when truthfully I only remove those who are directly propagated by more misinformation from her later video. I just can't keep responding to the bullshit, and "explain" my crimes over and over and over, when the videos in which I already address this stuff have gone ignored constantly. Nobody seems to want to actually look at anything from a bird view lens. Everything is just me being painted as evil.

As I mentioned in the stream last night (which you can rewatch!), I had gone on 4chan asking people for more context about Streamline's past, trying to understand the how's and why's when it came to her targeting me. I did not further investigate her groomer, or contact her groomer, ultimately deeming it irrelevant for my own video. Streamline however brought up my abuse story in her first video at the earliest convenience to discredit me, and leverage her smear campaigns, which breached many boundaries. Yes, I had Tweeted that context to her when she had first targeted me years ago, but it simply does NOT give her the right to not only bring it up in a defamatory video painting me a monster, it's making her immensely hypocritical when she then goes on to paint me as evil for attempting to learn about her situation. A story she herself, apparently had already made super public without my knowledge. Again I did not actually contact her groomer and I wouldn't have. I was speculating while I was getting constantly harassed by her, trying to do anything I could within my power to attempt to pull this bullshit straight. Stream had no reason to bring this to light, and it's only done so to AGAIN paint me as highly malicious, so she can victimize herself.

While my age-gap opinions then were definitely in poor fashion, I have absolutely walked back on these and explained what I meant multiple times. I do not condone any age gaps other than what the law explicitly defines as legal. I just worded myself atrociously various times. It is just a really sensitive topic to me, being a victim of molestation myself and getting accused of grooming kids. I’m not a native English speaker, and I’m from Europe where these discussions are not as stigmatized. So for the record, I don’t condone grooming nor pedophilia. The point was just that I wanted people to understand and handle these situations with the care it needed, so these terms aren’t watered down. I absolutely was wrong about the gaps I chose, I admit, but there is no reason for Streamline, or anybody else to grasp onto these as if it is proof of me endangering kids, which unfortunately, is exactly what she was knowingly doing in her video.

The term "pedo" is watered down and solely used to ruin lives. While I do believe minors need to be protected, I also believe that everyone matures at different rates. Nobody is suddenly capable of making their life decisions the mere second they turn 18.
Age of consent is established to catch predators. That being said I do think that (for example) a 15-year-old and a 20-year-old can be in love, without wanting to have sex with children being the only motivator.
However, I do think parental supervision and consent need to be involved, for safety.

Paedophile/Pedo Supporter

While my takes might've upset people, I still fully stand behind them, and I'll gladly explain to you why. I first want to make it super clear that I have never willingly and/or knowingly interacted with a child. I also do not sext or send nudes to people as I experience no sexual attraction. There's content I post in adult environments that are technically accessible by children, but I believe that's a parent's responsibility, and not mine. You'll find all about that on earlier pages. I too have been a victim to molestation as a child.

I made this tweet in response to someone, who then deleted their tweet, so you're missing out on context.

Cancel culture is the worst thing that's happening. The most uninvolved, random people will crawl out of nooks and crannies, to have an opportunity at tearing someone else down and lifting themselves up. The most common allegation I see flying around is "pedo". The term paedophile has become so watered down and thrown around like it is nothing, that it overshadows actual victims and child predators who are thriving today. People are no longer capable of seeing the damage they are doing.

Instead of addressing the constant harassment I endured from her, Streamline ALSO brings up that I had humored the situation by drawing a NSFW meme. This meme is not depicting her in a way that harms her image, and she was not sent this image nor was she tagged in it. She found this image quite literally by stalking my account. I had also joked on 4chan about NSFW art, but I never followed through because I was only humoring the situation, while it was only getting worse. I even stated I did not want NSFW specifically. I admitted in my stream itself it was crass, childish and petty but people actively ignore the fact that Streamline is at this point stalking and defaming me for a really long time. Stretching this as

“HappyLikeAwall drawing herself sexually assaulting Streamline” is skewing the definition of the word. It was a joke. I also deleted this Tweet, while she published it for her (partially underage) following to see. Again, I admit, it isn’t cute, and I won’t do such a thing again, but I also ask you to understand where I am coming from. All this was in the end is an excuse for Streamline to retroactively keep it going.

Debunking the entire first video she made on me.
Here’s the thing.I have never harassed a minor (Noi. A teen at the time.) despite Stream’s claims. I made a video mostly defending myself, which Streamline only selectively showed throughout her first video, after claiming that both me and Spy harassed the minor *(Noi)*. I never even contacted Noi beyond joining his server the initial time to ask him to not spread false narratives about me. THAT is when we found out about the diabolical stuff happening in that server. Noi would continue going on raids and witch-hunts for many months to come. The only thing I did was ask for reports, both because his community would put minors in my then 18+ gated server, in efforts to "try to get groomed by her" so they had evidence for their docs, which I hope I don't need to explain how dangerous that is, let alone annoying.

I had already typed this message:

Hey, I just wanna keep this short.
I want nothing to do with you, never did, and I want you to make an actual effort to keep your folks from interacting with mine. I also want you to admit that the whole alleged "grooming" thing has been majorly exaggerated and taken out of proportion by you, in order to antagonize me. That's all I ask.

We have never allowed people below 16 on the server, and certainly only posted funny images under the impression there were only adults around. You amongst many lied or hid your age to even get access.
You do not care about me allegedly "exposing kids to porn" half as much as you say you do, as you made a conscious effort to interact with my NSFW content on your nsfw accounts during this period. You even formerly actually consciously SENT porn to kids, unlike me.

In return, I'm going to indefinitely (so unless you start.) stop collecting evidence and stuff that exposes you and suggests my innocence. My new doc and video remain up for my own safety. (edited)

BumbleArt 03/14/2024 9:42 PM
Well I want you and your spys to stay out of my server and my business you were never meant to be in this drama and I'm surprised you still are, I have made a effect to TELL them to leave you alone but I am not their mother's and I can't just take their devices all I do is kick or ban them for not follow orders.

And the grooming stuff that wasn't spite I was just upset that you have a 16+ server I know you don't allow people that are below 16 but that doesn't mean they can still look at porn they are still minors and over those 2 years I have admitted what I did was wrong and I'm at least glad you made it 18+.

The doc IDC about because that's some other drama but why keep a video that you were barely told about all you know is stuff from burner accounts and Unknownspy and you guys probably barely know which other, I'm not saying this to be mean but spy has used people before sure used one of friends to get evidence on me aswell so I'm just saying i hope you know what your doing. (edited)

IM HAPPY 03/14/2024 9:46 PM
>Well I want you and your spys to stay out of my server

The only reason my mods are in your server is the fact that I'm constantly under attack by people from YOUR server led on by your lies.

>And the grooming stuff that wasn't spite I was just upset

You are in no place to be upset about kids having the potential to see porn. You sent porn to kids.

That being said, I hope this stops. Have a good afternoon.

If you are here from Happylikeawall post or video and you are here to be negative and rude your comment will immediately be deleted so don't even try.

If you are here to talk and be neutral while being supportive please continue

I am tired of this selfish bitch beating a dead horse, I didn't ask for Streamline to make a video about her I didn't provide evidence she says it many times in the comments that she is getting ALL THIS EVIDENCE from happy and spy's docs. I am exhausted by this drama, I haven't been talking to or interacting with spy or happy the only reason happy is attacking me is because she's trying to find dirt on streamline

(Streamline was the one talking about the drama and informing people, happy is the one that is bringing up past stuff that I already apologized and acknowledged my actions for)

AND IS STILL CURRENTLY DOING THAT BUT HASN'T FOUND SHIT

But since streamline has no dirt she is choosing to harass and bring up past things about my old server (which was deleted for pedo and NSFW problems) and is making it sound like it's still happening in my current server, I didn't bring a minor to get groomed or anything of that disgusting shit, she is making this up just to make herself look better

Mind you she still probably has minors in her server and remember that she had posted and pinged minors to porn AND is openly racist so I'm not surprised she is coming after me for possibly being black

O didn't do anything to happy all I did was call her a whore when she banned me from her server and she got baby cry pissy about it and came to raid my old server insulting and fucking with all the people in my old server.

I don't think she's a pedo but she is mentally ill to think a 15 year old and a 20 year old can be together, and about the "doxxing" I don't condone doxxing or anything that can cause harm unless it's to report a problematic account. But happy sure does promote doxxing my friend dmed me saying how happy contented my ex friend asking for my school. Parents and other private information obviously for doxxing purposes, happy is a 21 year old woman willing to dox a minor just for insulting her.

Happy was never in the drama with me and spy all she did was insert herself into it and is acting like a fucking victim while she's also over here promoting her only fans in her server full of minors, my server is open to all ages as long as they don't be a creep. They get immediately banned if they do anything that makes minors uncomfortable or just being a genuine pedophile.

Yes I have done bad things in my past while being 13-15 but at least I understand my attentions instead of doubling down.

Meanwhile her saying for the past couple of time to not let minor go to adult site

*Note. I'd often announce having found a new account after he'd interact with my NSFW accounts, and then funnelled reports for his safety because this is a 14-16 year old drawing porn AND harassing me constantly. I'd have no idea of what @s he's using during his many ban evading attempts, until HE'S the one to show up first. I'll add screenshots of their harassment as I find them.

Noi first joined my server talking about UnknownSpy, asking for help from us. We tried to be supportive, cause at first he seemed righteous and upset. We learned quickly that he WAS constantly trolling and bothering her, which eventually led to us getting tired of his antics, and banning him. THAT was when Noi turned around and started the constant harassment campaigns to frame me as a bad guy. In the video I published about this, I quite literally showed Noi admitting to going out of his way to frame me as a racist and a danger to kids ONLY cause he was upset about being banned. Streamline deliberately avoided showing any of this context in her first video covering the topic, so she could frame Spy and I as having "harassed" Noi for no reason. There is a reason that instead of showing this "harassment" she went and quite literally fantasized about the harassment Noi endured, by bringing up screenshots of criticism she herself received on her posts. Harassment QUITE literally DID NOT TAKE PLACE. I do not know what else I can say and do anymore other than ask people to open their damn EYES. While I do NOT have many screenshots of this

period, as I was never one to take screenshots of everything in case it would become useful in the future, and I hoped my video would put an end to this,I did have a select few screenshots of raids, as well as messages we sent in Noi's server quite literally only asking him to leave us alone.

Harassment from me, or my team, did NOT take place and I do not advocate for harassment against Noi either. We made it super clear at every point to not want anything to do with him, but he would keep showing up on my NSFW Twitter to spit his sentiments defaming me. Only after Streamline published her video, Noi walked back on his words claiming that I inserted myself in the drama, denying all his behavior, essentially parrotting the claims Streamline made. I still haven't contacted Noi again. Yes, he pops up sometimes in the comments of videos defaming me. BUT! I want to forget he exists, especially now he mostly weaponizes Streamline's video's narrative and thankfully, actually leaves me alone for once.

I also NEVER stated that Noi is only at fault with the whole situation regarding the grooming on the server. I never diverted the blame away from adults in this situation either, at least I didn't intend to. But I do believe that teens can and SHOULD be held accountable for their terrible behavior toward other artists, especially if this does also involve minors and NSFW spaces. You are not going to teach a 16 year old that "doing bad things is bad", unless you TELL them. While their brains "might not have developed" as Streamline states in her video, they are very capable of understanding that harassment is bad and should be held accountable. You may argue a video is maybe extra to an extent, but it's quite literally the only thing I could do anymore. Again, I was only asked for help by Noi and then targeted by Noi after not joining him in these harassment campaigns. It's not any deeper than this.

Just because it IS a bunch of teens with considerably smaller audiences constantly harassing you and misrepresenting you, it doesn't negate that you're being harassed and suffering the longer term consequences, like constant false allegations resurfacing wherever you go. I am still receiving harassment because of this to this day. I am constantly getting comments everywhere from people claiming I had stalked and harassed "literal kids". I cannot explain how hard it is when your stuff gets mass reported because you're painted as a bully and you don't even get to be heard out, because a YouTuber *(Streamline Workshops)* decides to misrepresent and skew the facts for attention. Streamline wasn't even there when it happened. It's all worse when harassment IS done by kids, which is part of why I sympathised with Spy, because people are not willing to take it seriously. It is not "trolling" or "rage bait" when calculated misinformation leads a person to eventually being raided, doxed and sent illegal material.

So as far Noi goes, my word against theirs. Everything in Streamline's video about this is purely speculation.

Streamline frames herself as a neutral documenter throughout the video too, but has NEVER done her due diligence, or even asked anybody for any context. Spy and I would have GLADLY given her many screenshots in which harassment is obvious. We would have explained what happened to us. I had messaged her, and waited for her response, but in her video she claimed I never showed up. In her video then she also went back on her word, saying she hadn't noticed I had replied. I seriously doubt she's speaking the truth here cause

it took her MONTHS to even make this video. She opened up this drama for her own gain literally months after the whole Noi bullshit was settled.

I find it immensely convenient that in months time she didn't once go back to check her DMs. When she received criticism for this on Twitter, all of a sudden she claimed "Happy is not entitled to my time and I am not entitled to hers." fully going back on her words, again.

She also misleadingly claimed multiple times that all information came from us directly, only later after backlash specifying she's (selectively) taking everything out of the video and documents we posted. The only information she deliberately hyper focused on from the document and video though, was almost exclusively the "art tracing" Spy was talking about, as well as downplaying Noi as only a troll for this. While I do think Spy blew stuff out of proportion, I know first hand Noi is malicious and will do awful things to attempt to frame people.

Streamline never brought up what I had endured by the hands of Noi, again so she could frame me as someone who simply inserted themselves in drama, giving this video an artificial reason to exist. Streamline never mentioned that my moderator once DM'd Noi to attempt to inform him of the dangers of hosting NSFW content throughout this all. Everything she did and showed was to brush me off as someone who wasn't involved, and for "no reason" went after a "literal child", who was 16 years old around the time of the video.. I feel sick to the stomach writing this. All the evidence that points to her video as really misinformed and skewing the facts has been publicly available for a really long time.

Nah, seriously? Only mute?
You can't dictate the flow of conversation in a server that is not yours.
Also deciding not to listen because you dislike the fact that you were not being believed.

**BumbleArt** 08/09/2023 10:01
what you yapping about

**DisasterMuff1n** 08/09/2023 10:03
You need to sort out your server man, having minors with access to porn is actually against ToS and providing minors with porn is illegal.

**BumbleArt** 08/09/2023 10:04
i don't give like 14 year olds the nsfw role i forgot that he even had it in the first once (edited)
the server wasn't even supposed to be public anyway

**DisasterMuff1n** 08/09/2023 10:04
I would remove the NSFW stuff honestly, I know you are underage yourself and that's not a good thing for you.

**BumbleArt** 08/09/2023 10:05
why, i don't have all the rules or regulations like all you other adults do i just made a server thinking it was ok since i saw other servers do it.

**DisasterMuff1n** 08/09/2023 10:05
Because it is against the rules for you to have access to that stuff.

**BumbleArt** 08/09/2023 10:06

**DisasterMuff1n** 08/09/2023 10:06

**BumbleArt** 08/09/2023 10:06

**BumbleArt** 08/09/2023 10:06

**DisasterMuff1n** 08/09/2023 10:06
You can get in trouble with police for being underage in these situations.
I mean, what would your parents think if they found out you have a server with that stuff?

**BumbleArt** 08/09/2023 10:07
.,.
Yikes...

**DisasterMuff1n** 08/09/2023 10:08
I come across as an asshole on the surface, but here, in this case, I have the interests of all parties at heart.
The last thing we need is more bullshit about grooming.

**BumbleArt** 08/09/2023 10:09
i never called happy a groomer nor do i think she is one i'm just saying the stuf she post yes it's her server but it's still not ok to be posting that in a server that is possibly fulled with minors
and yea i'm taking the nsfw role away from people

**DisasterMuff1n** 08/09/2023 10:11
Here's the thing, all servers are possibly filled with minors. We have ALL things in place to prevent minors but they can still access by lying when they sign up to discord.
That is not something we can control. If we could, there would be NO underages in the server, but we kick all underages the second we find out.

**BumbleArt** 08/09/2023 10:12
yea i know that too, you can't control but can kick

**DisasterMuff1n** 08/09/2023 10:12
We do.
We actively kick them.
That person found someone with 15 in their bio and didn't report it, we don't check every memeber that joins, we have loads that join and leave every day.

**BumbleArt** 08/09/2023 10:14
that's true

**DisasterMuff1n** 08/09/2023 10:15
The whole thing was stupid from the start.

**BumbleArt** 08/09/2023 10:15
yea

**DisasterMuff1n** 08/09/2023 10:16
For your benefit and everyone elses. Do not make or post bait content. You are too young, that could get people in trouble.
Remove access to NSFW, which you said you are.
Make sure that everyone knows you are a minor. You need to be clear and report any creeps who try to "rizz" you when they find out.

**BumbleArt** 08/09/2023 10:20
i am and i'm telling them now

**DisasterMuff1n** 08/09/2023 10:20
Good.

**BumbleArt** 08/09/2023 10:21
is it still bad if i'm 16 since it's age of consent

**DisasterMuff1n** 08/09/2023 10:23
The egal age to view pornography in america is still 18.
Consent laws have nothing to do with porn.

**BumbleArt** 08/09/2023 10:24
it doesn't?

**DisasterMuff1n** 08/09/2023 10:29
No. Consent just gives you legal precidence toi consent to intercourse.

**BumbleArt** 08/09/2023 10:29
ah

**DisasterMuff1n** 08/09/2023 10:29

Then the video makes a complete left turn as Streamline suddenly begins to hyperfocus on random stuff I said on Twitter. These have often been crass things I said in moments of continued harassment. I was stressed, overwhelmed and wasn't thinking. (For example the age of consent stances!)

Since I said these things even WAY before Noi, I had managed to debunk most of it, at least people around me were able to let it go, as it wasn't what it seemed. Streamline bringing up ANY of my wrongly written Tweets quite literally served NO purpose other than to antagonize me further, when the general community already knew WHAT I did mean at the time, and that I had already gone back on my words multiple times. In the comments she links ALL my former documents, instead of providing me the room to change my mind, trying to stir up as much drama as possible. I deleted all these documents, BECAUSE they DON'T align with my view anymore, but if she maliciously SAVES them just so she can clutch onto them, and

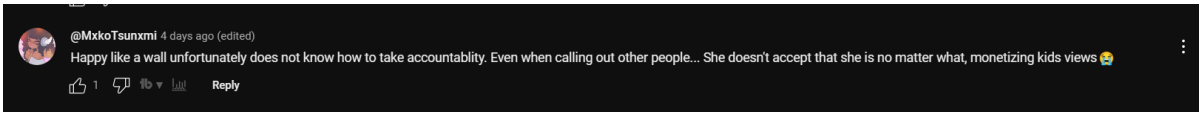
frame me as a bad person, in a video that shouldn't technically even about me, how am I supposed to "be better".

Aside from that, she makes this whole segment seem relevant by levying her status as a victim, bringing up her grooming story, before bringing up mine,something that didn't need to be in this YouTube video, to fully discredit me and play my armchair psychologist stating insane things like: "She might not have been able to undo the grooming that was done to her..."

Streamline knows DAMN well how much harassment I received for these Tweets and I don't think I need to explain how GROSS it is that she is larping as my psychologist to make these claims, no, educated guesses, about what happened to me. This breaks numerous boundaries, just for her morally crusading bullshit. I'm not comfortable with her broadcasting this stuff for clout.

She even brings up a Gaza-related tweet I had made, where I said that harassing people over the boycott is insane and performative activism, (as well as other fully unrelated events,) before acknowledging she isn't qualified to speak on any of it, and then dropping the topic fully. Why even bring it up then? It is quite literally to drag me through the mud, to punch down on me further when you know I have explained to EVERYONE COUNTLESSLY that I do NOT condone bigotry, or large age gaps or any of the things she's purposely suggesting are questionable facts about me. Again this is all so you don't question the rest of the video being an actual nothing burger. It's so you don't question the lack of evidence when it comes to Noi. This video WAS ultimately made to defame Spy and I, Noi's situation weaponized basically, as a convenient excuse. It gets deeper.

Streamline dedicates half the video to bringing up how Spy and I mislabel our content, providing kids a "gateway" into explicit material while directly broadcasting it on her channel to kids. She fully ignores the fact that I did everything within reason to label my content. She ignores that I made specific mentions of kids looking up "18+" or "16+" thus making it easier to find me. She ignores that if kids are on adult accounts, they're going to see your content whether you age restrict or not. She ignores that I don't promote NSFW to a younger audience when my Patreon LITERALLY, and I'm dead serious, CANNOT be accessed by children. And this all becomes more hypocritical when you see she isn't even restricting her content herself. You quite literally cannot do all this performative shit and then go on to be such a hypocrite. It's beyond me that people aren't willing to see this. Yes, I HAD linked my twitter before with NSFW on it, she isn't wrong. YET "HAD" implied that I already fixed this issue. Why clutch onto stuff when I've already made many of these needed improvements? These people keep wanting creators to "do better" yet when you actually DO, they just refuse to acknowledge it because they want to monetize you more. I genuinely lose sleep over this cause there isn't a day I'm not being seriously stalked and harassed over this, all while Streamline is so clearly manipulative and malicious. And it gets WORSE.



@MxkoTsunxmi 4 days ago (edited)
Happy like a wall unfortunately does not know how to take accountablity. Even when calling out other people... She doesn't accept that she is no matter what, monetizing kids views

What I didn't mention this far is that Streamline was in Noi's server until VERY RECENTLY, very likely left because of what I mentioned in my stream yesterday (BUT this is purely speculation) which is that heinous things are being posted on her watch. Noi is soon turning 18 and intends to immediately dabble in NSFW content while there's still children there and adults are promoting the idea. This is quite literally grooming, and Streamline did NOTHING to put safeguards in place or warn him because she herself said in her video (paraphrasing) “it's okay for kids to do this to each other cause who else will they do this with." Furthermore, even denying Noi was still doing NSFW, if not highly suggestive art. And she wants to say she's qualified to have any opinions on how I manage my content? Streamline literally only cares about her image. Noi IS actively creating NSFW right now. I would have had no desire to bring this stuff back up if it wasn’t for Streamline using Noi as a gateway to harass me, while doing NOTHING better herself!

*//I will insert screenshots. I don’t have them on hand right now.*

Streamline during her video alleges I'm also a weirdo for drawing Noi the way I did on the thumbnail where I defended myself, also tying back into me being questionable/a danger to kids narrative, for lack of actual stuff to document. It's literally Noi's own art. When this lie, too, got pointed out to her, she made a Tweet rubbing herself on the back for graciously being willing to give ME the benefit of the doubt until proof stating the contrary comes forward. WHAT? Why on earth can't you do the due diligence whatsoever? Why can she LITERALLY lie in her video, and I have to constantly sit here and clean up the messes. Why won't people just see how mad this is. Instead she pushed the goalpost, now suddenly the issue being the edits I applied to the image, as if it didn't represent the situation just fine. I'M SO TIRED. Streamline will never truly admit she was wrong about a lot of this stuff.

@Katlynnrhymes It still irks me that they would choose to draw Noi with the giant tits and censored nipples as a stand in for Noi the topic of the video. If she wanted to make a point that this is what Noi is doing it's fairly easy to find examples of them acting this way on their own or to otherwise not draw them with these features as I've done in the thumbnail for this video. The distinction of whether Happy chose to draw this or if Noi drew it matters for that reason.

Edit: The art in the thumbnail of Happy's video was drawn by Noi. The only edits made were the weird pixilation that implied censorship of the breasts on the character and problem slapped on the face: https://x.com/BlueMarivn/status/1821699489046135128
Spy was not aware about Noi being in NSFW spaces/showing other minors NSFW when she originally wrote the 100 page doc and added it later when she found out.
Happy and her fans are now trying to imply I am a groomer for making this video: https://x.com/StreamWorks_/status/1813470081495560230

I was homeless at the time the video came out. The comments on there didn't waste a second to dogpile on me further. I had all the time in the world to just see this stuff and it sickened me cause no matter what I did I just couldn't ignore it. Even if I tried, I had people telling me to "KYS you harass minors" and so on in my comments constantly. I couldn’t even use my own safe spaces like my Discord server because of the raids. Everything always gets WORSE. I just don't know what to do anymore. So I make many Tweets again. Something I had already learned I shouldn't do, as I said stupid things before in difficult times.

I was right, because Streamline apparently keeps tabs on people. Anytime I gave any criticism, often not even directed at her directly, she'd take screenshots and subtweet about me. Sub-tweeting is the action of taking selective screenshots, then adding new skewed context, and having the last word while giving people very little room to defend themselves, unless they go on to comment in HER comment sections, after which they will be dogpiled or framed as a stalker, all further helping pushing the narrative of her being innocent. And she acts horribly cocky while doing it.

I had first made a post, showing the raids as they were happening. As soon the video went live, a bunch of kids flocked to my 18+ gated server to yell various sentiments from her video

and call me a groomer. Could it be because she had my full handles on display to a predominantly minor audience? Possibly. It can't be a coincidence. This Tweet was not addressed to her. I had her blocked. I would continue having her blocked. I hate her guts at this point for what she is doing. I voiced in the Tweets that her misinformed video got kids to flock to my then NSFW server and NSFW spaces, what else did she think would happen? It wouldn't be the first time that the ACC's hypocritical bullshit manifested the literal issues that they are making up in their videos. Their chronic need for attention, and then framing those they target as needy or malicious is insane. Then they unapologetically act as if they have the moral highground, while just displaying pettiness. I have no words for this.

I've made it very clear wherever I have influence not to harass people. I have no influence in Happy's server. Very happy to see that you're only talking about it with Happy and turned a blind eye when the same happened with Noi when Happy

Streamline would go on to screenshot this, honestly still innocent Tweet, COMBINE IT WITH RANDOM COMMENTS, to forge the narrative that I had implied she is a groomer. She added a cocky statement of "lol I thought falsely labelling people groomers was bad!" Apparently knowing full well what Noi had already been doing to me, as well as the sentiments I had expressed on Twitter before. (Funny cause she ignored that in the video she made.) She'd then go on to put this random concoction of screenshots in the pin comment of her video, linking the kids DIRECTLY to MY NSFW TWITTER ACCOUNT THIS TIME. This did not expand ON the Noi/Unknownspy drama, as she framed the video to be. Even after positioning me as having "involved myself for no reason", it makes even LESS sense to give the live updates of what I'm doing on Twitter. This does not even remotely compare to me linking my Twitter, or Patreon on my account. You'd have to claim ignorance to the fact that she didn't DELIBERATELY put that in the pin comment, to use her audience as cannon fodder, as opposed to me just putting my other FULLY ADULT GATED social media in my account. I don’t understand how people compare and defend this.

I need to add that, the disclaimer to not raid my content did NOT appear until after Streamline got called out for randomly linking my Tweets in the pin comment, by literally multiple people. The CURRENT link in the comments, links to a different post where “explains herself” and alleges she misinterpreted my post, despite having made the deliberate decision to SCREENSHOT parts of the narrative and put them together. Also throwing around the word groomer meaninglessly in this context. Calling her out on her hypocrisy, makes me guilty of “calling her a groomer” yet when she spends 50 minutes painting me as a danger to minors, using out of context information or outdated “gotchas”, suddenly it’s “I never directly called Happy a groomer.” Well, newsflash. Telling in the end of the video that you “Don’t THINK Happy is a groomer” is not going to negate the stuff you’ve actually said throughout the video. I don’t know how people can defend this anymore.

And the stalking continues.

Yes, ultimately you're not responsible for what your audience chooses to do, but there's a stark difference between literally sending them to a FRAUDULENT TWEET and me defending myself from said fraud. This is literally insane. How can this situation be so skewed? Streamline on Twitter uses this too to her advantage, claiming it isn't her responsibility to ensure kids don't come to me, even when she links them to me directly. However, she DOES express sentiments that I am responsible for the harassment my community may have done to her (or Noi,) which again, she didn't even have evidence for in the first place. If this isn't what she is doing, she cries harassment where there isn't any.

The only tweets I ended up making directly ADDRESSING her DIRECTLY were asking her to leave me alone, asking her to stop lying, asking her to do anything to prevent kids from

coming to my spaces if she is gonna sit there and paint me as a danger to kids. Instead she'd reply with snark, saying "You're interacting with my spaces!" and make more Tweets to try and paint me as problematic for CALLING OUT HER LIES. Her audience called ME insane and a stalker on top of everything else I had already endured since the whole Noi bullshit started. This greatly affects me because Streamline is quite literally not only curating the situations she is accusing me of at this point, she's liking the comments that express sorrows for "what she is going through." when I'm actively harassed both by her and her community.

People from Streams community, also Noi's community would literally go on to dogpile me any time I made a post in defense of myself, straw-manning it, nitpicking it, ignoring it. I have receipts for EVERYTHING. You can literally go and see Streamline's Tweets RIGHT NOW and see everything aligns with what I'm saying. I ended up deleting everything time and time again because of the sheer amount of bullshit I would receive on my posts. Now that's passed off as "covering up evidence." It's funny to some extent, that she's so confidently self-righteous about this that you CAN essentially treat her Twitter as a stalker scrap-book. Nothing negates the fact she has quite literally stalked and harassed me. Nothing I did is textbook harassment, and you'd really have to skew the definition to see it as such. Meanwhile, had she been in my country, she'd actually BE legally guilty of harassment and defamation, at the very least stalking.

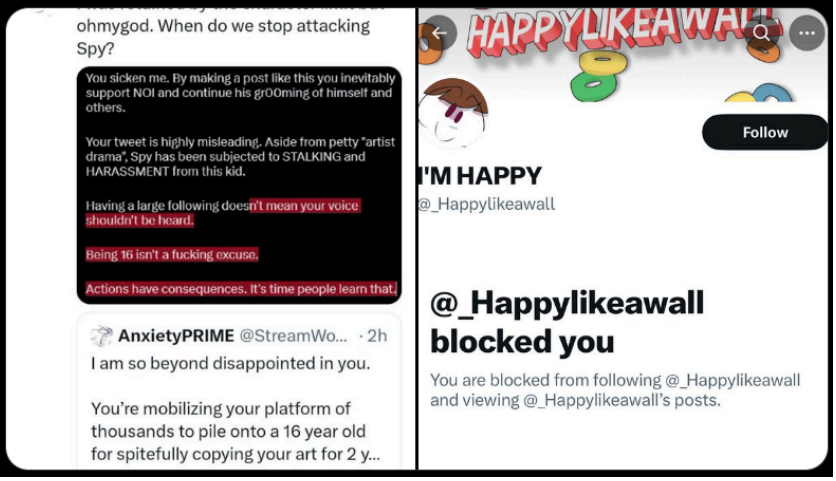
Thank you for blocking me before you quote retweeted this. Being 16 IS an excuse with petty nonsense like this. Everything shown in the doc that you count as harassment is a block button away. Spy is almost 30 years old, why is she so concerned with this child?



ohmygod. When do we stop attacking Spy?
You sicken me. By making a post like this you inevitably support NOI and continue his gr0oming of himself and others.
Your tweet is highly misleading. Aside from petty "artist drama", Spy has been subjected to STALKING and HARASSMENT from this kid.

Streamline QUITE LITERALLY will not take criticism or follow her own rules and will always deflect and deny any criticism that doesn't directly come from her own echo chamber, likes comments that say awful things about me unprompted, and then goes on to claim I curate an echo chamber of my own when I remove comments that are again, just SPREADING HER LIES completely unfounded. Well, now they're bringing up the meme I had made, or the way I attempted to humor the situation on 4chan, because pearl clutching onto that is QUITE literally all they can do at the moment since again THERE IS NO EVIDENCE TO all the lies THEY ARE MAKING UP.

I'm genuinely so tired of this. I just wanted to have a career but I'm not allowed to grow in places where I should have and EVERYTHING I DO AND SAY GETS MISREPRESENTED or literally CENSORED. This woman is so highly malicious. Why won't people see it? She's actively platforming my former harassers, at this point who can freely spit around their accusations, or screenshots they acquired by means of trolling. Nobody ever asks evidence to support any claims. They only ask for evidence when I defend myself, and then they'll still ignore it.

Why must I be the villain of the week, every week for different reasons. Now I'm doxxed. I'm still being sent illegal material. Now I need to pause discord invites constantly. I am not safe. My comments are flooded with allegations that just aren't true, but responding is "feeding trolls" and not responding is "making an echo chamber" and providing evidence and facts gets ignored or reported. Streamline can obsessively screenshot everything I do, while I hold down the fort while minors harass me. I just can't do anything anymore. I'm now just also the person who "tried to get dirt on Streamline by contacting her groomer" and "drawing NSFW of her" while NOTHING is seen as a bigger picture. Even if I hadn't done those things, which I admit AGAIN were crass and childish and me attempting to just humor whatever was left of my image, people would SIMPLY have made up something new. I quite literally see people comment the most random things: "Happy kills babies" and guaranteed, someone will reply: "Woah really?! what a bitch." New wave of harassment. Any further explanations by me pulled out of context or ignored. It'll happen in response to this doc too.

I am NOT hung up on this drama. I am not hung up on Noi. Every time I make a new video or post I simply HOPE people are going to see what's happening and FINALLY just leave me alone. I'm being constantly harassed throughout all of this for my "crimes". I'm NOT. BEING. LEFT. ALONE. Streamline sits back while I get shit, and has a new video ready if I happen to defend myself.

I don't “stalk” anybody. I don't “harass” anybody. You'd have to be REALLY delusional and skew the meanings of those words to come to these conclusions.

This wasn't about *"protecting minors"* or *"we just wanted Happy to label her content better"* or *"we want Happy to do better."* Holy shit dude. Literally look at any of my explanations, or

will you go *"Holy yap"* , *"Happy crashing out lmao"* and ignore this one too? Everyone who engaged in this are vile, disgusting human beings and I don't owe anybody who clearly has bad intentions an explanation anymore beyond this point.

Either listen to my side TOO or STOP HARASSING ME. Everything is out there already. If you refuse to form any original thought of your own, you're just not entitled to my time anymore.

I have to leave social media cause I genuinely worry people may assault me in real life now. SOMEONE PLEASE speak up about this. At least do your own research.

Few examples of resulting harassment:
If this isn't enough, try doing one Google search. Maybe watch the Live chats, watch my address being dropped.

I have never once harassed a minor. That's why Streamline never provided evidence, and instead went "Look at harassment I'm receiving. Now image what Noi is getting!" while they showed only valid criticism to how they went about making the video. It is up to them to prove their claims, and up to you to not believe everything you hear online. There's nothing else I can do or say. Noi was really malicious, and if we cannot defend ourselves from harassment conducted by a teen, they won't learn about consequences either. Thanks for your comment though!
